I. POLICY

1.1 Policy:

It is the policy of the Chelan Douglas Regional Port Authority to invest public funds in a manner which will provide the market rate of return with the maximum security while meeting the daily cash flow demands on the Treasury and conforming to all Washington statutes governing the investment of public funds.

The purpose of this Investment Policy is to establish the investment objectives, delegation of authority, standards of prudence, eligible investments and transactions, internal controls, reporting requirements and custodial procedures necessary for the prudent management and investment of the funds of the Chelan Douglas Regional Port Authority.

II. SCOPE AND OBJECTIVES

2.1 Scope:

This investment policy applies to all financial investment assets and managed assets of the Chelan Douglas Regional Port Authority. Investment assets are accounted for in the Port Authority's Annual Financial Report.

2.2 Objectives:

The primary objectives, in priority order, of the Port Authority's investment activities shall be legality, safety, liquidity, and return:

Legality of Investments:

The Port Authority's investment holdings shall be in conformance with federal, state and other legal requirements.

Safety:

Safety of principal is the foremost objective of the Investment Policy of the Chelan Douglas Regional Port Authority. Investments of the Port Authority shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.

Liquidity:

The Port Authority's investment portfolio will remain sufficiently liquid to enable the Port Authority to meet all operating requirements which might be reasonably anticipated.

Return on Investment:

The Port Authority's investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the Port Authority's investment risk constraints and the cash flow characteristics of the portfolio.

III. STANDARDS OF CARE

3.1 Prudence:

Investments shall be made with judgment and care - under circumstances then prevailing - which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

The standard of prudence to be used by investment officials shall be the "prudent person" and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

3.2 Delegation of Authority:

Management responsibility for the investment program is hereby delegated to the Director of Finance & Administration serving as the Port Authority's Treasurer, who shall establish written procedures for the operation of the investment program, consistent with the investment policy. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Director of Finance & Administration. The procedures will be periodically reviewed and updated at the direction of the Director of Finance & Administration.

3.3 Ethics and Conflict of Interest:

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions. Employees and investment officials shall disclose to the Chief Executive Officer any material financial interests in financial institutions that conduct business within this jurisdiction, and they shall further disclose any large personal financial/investment positions that could be related to the performance of the Port Authority's portfolio.
